SHOTS FLY IN RIOTS; CARMEN BADLY BEATEN.

Desperate Strikers in San Francisco Attack United Railroads Crews; Passengers are Injured.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Sept. 5.—Two days of comparative quiet were followed this afternoon by one of the most serious riots that has occurred in the street-car strike since it began. When a gang of strikers attacked three cars on the Union-street line this afternoon, passengers took part in repelling the assault. P. Costello, said to be one of the strikers, was shot in the arm by a passenger at Twenty-ninth and Mission streets after the car had been stopped and the motor cut off. A general riot followed in which strikers, carmen, and passengers were all engaged. J. J. McCabe, another passenger, was shot by a passenger; a third man was beaten up by strikers; four women passengers were not by flying glass and other missiles were arrested by the police.

SEARCH FOR CONDUCTOR.

Police are searching through the North Beach district for Conductor Uphoff and Motorman Collins of the United Railroads. A gang of about twenty strikers surrounded them at Powell and California streets tonight and after beating them severely, started off with them as prisoners, disappearing with them in the direction of Chinatown. Another conductor of the name of Dolan was with Uphoff and Collins when they were attacked; he escaped by running into the boiler-room of the University Club. Three strikers attempted to follow him but were stopped by the men in the engine-room. Dolan reported to the police.

VIOLENCE RENEWED.

Violence was renewed after a meeting of the strikers in the North Beach district. As the strikers met they broke up a group of from six to ten men who proceeded to terrorize the strikers. It is reported that the men who were shot by the strikers were kept up their assaults on the strikers and the strikers would be injured.

The men won their strike and were in the big Kanaka

Germans Continue Encircling Movement at Riga as the Slavs Retire.

[BY A. P. NIGHT WIRE.]

WHILE the Russians continue their flight before the Germans in the region of Riga, the Italians after a few days of comparative idleness, again have started their great offensive against the Austrians on the Bainsizza plateau and to the northeast of Gorizia, says the review of the war by the Associated Press for the last twenty-four hours.

In the south, however, the Austrians at one place momentarily forced the Italians to cede territory. A counter-attack by the Italians not alone retrieved the lost position, but resulted in the capture of more than 400 prisoners.

On the Bainsizza plateau northeast of Gorizia the Italians have made further gains, capturing an important Austrian position near Orogio. No confirmation is at hand of the reported capture by the Italians of Monte San Gabriele, the last dominating position held by the Austrians north of Gorizia. Nearly 1700 men have been captured by the Italians in the fighting in the Gorizia sector.

AGAIN BOMB POLA.

Again the Italians have sent their airmen over Pola, the Austrian naval base in the Adriatic, dropping bombs, the explosions of which have added materially to the damage done in previous raids.

In the region of Riga the Russians are retiring eastward and northeast all along the line, pursued by the Germans. The army which evacuated Riga has crossed the Aa River in Livonia, while the army from the Uckul region is astride the Riga-Petrograd railroad.

The war vessels which were reported to be shelling the Riga coast line and which it was thought probably might be covering a landing of troops to cut off the retreat of the Riga army, were submarines—able to report their missions beyond our lines.

ON WESTERN FRONT.

The operations on the western front in Belgium and France continue to be carried out mainly by the opposing armies, although the British are still making trench-raiding excursions or warding off small enemy attacks. Two rather strong attacks against the French front on the California plateau on the Aisne front were repulsed by Gen. Petain's forces.

Reciprocal air raids continue to be carried out by British, French and German airmen at points far behind the fighting line. German aviators have dropped bombs on French hospitals in the region of Verdun. Eleven German were killed and six injured in Tuesday night's aerial attack by the Germans on the southeastern English coast.

Twenty British vessels of more than 1600 tons and three of less tonnage were sunk by mines or submarines last week, as compared, respectively, with eighteen and five the previous week.

PARIS STATEMENT.

[BY ATLANTIC CABLE AND A. P.]
PARIS, Sept. 5.—The official communication issued by the War Office tonight reads:

Sixty-fifth Congress.

REPUBLICANS LOSE FIGHT TO CHECK UP ON BILLIONS.

Democrats Defeat Virtually Every Objection to Huge Bond Bill.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Sept. 5.—Prolonged, though futile Republican attacks in the House today on provisions of the \$1,125,000,000 war bond and certificate bill, \$45,466 war bond and certificate bill, the Secretary of the Treasury in making Allied loans, upset plans for passage of the measure before night. Debate under the five-minute speech rule proceeded during the afternoon.

"The Treasury in his testimony," he said, "impressed every man that every dollar of loan made was a most wise one. I venture the assertion that after hearing this statement there was not a member of the committee but would have made the loans as did the secretary and the President."

Repeated questions about the Russian loan drew guarded statements from the administration leaders. Replying once to Representative Cooper of Wisconsin, Mr. Kitchin said the loan had been made on the signing of a note by the accredited representative of the Kerensky government.

Representative Moore, referring to Secretary McAdoo's general statement before the committee, remarked that while some of the committee would have sympathized with these loans, they probably would have been more particular in making investigations of them.

Representative Fordney of Michigan, ranking Republican member of the committee, said Mr. McAdoo had made all the inquiry that any "honorable man would make."

GOVERNMENT SUPPRESSES "REDS" IN MANY CITIES.

Headquarters of Socialists and Other Organizations Preaching Sedi- tion Raided Simultaneously.

WASHINGTON, Sept. 5.—The government today took stern measures to end the anti-war propaganda conducted in the name of the Industrial Workers of the World, the Socialist party and other organizations throughout the United States.

On orders from Atty.-Gen. Gregory, United States marshals in many towns and cities descended at 2 p.m., Central Time, upon local headquarters of the Industrial Workers of the World, seized books, checks, correspondence and other documents, and in some instances arrested officials of the organizations.

In Chicago, Federal agents took possession of the national headquarters of the Socialist party and a warrant authorizing the seizure of its documents was served upon its counsel.

SEIZURE OF DOCUMENTS.

The seizure of documents was carried out in accordance with a plan perfected here by William C. Fitts, Assistant Attorney-General, working under the direction of the Attorney-General. A statement issued by the Department of Justice announced that the seizure of the papers was made in connection with a Federal grand jury investigation of the Industrial Workers of the World now proceeding at Chicago.

The department's action was taken on the eve of a report to President Wilson by Chief Justice Covington of the Supreme Court of the District of Columbia, who was designated recently by the President to investigate the labor situation in the West. Judge Covington has completed his investigation, which lasted several weeks and took him to the Pacific Coast, and probably will report personally to President Wilson tomorrow.

MARSHALS ACT TOGETHER.

Whether the concerted action of marshals throughout the country was in any way related to Judge Covington's investigation was not disclosed. It is known, however, that Judge Covington made a special study of the activities of the Industrial Workers of the World. It was shortly after he reached the Northwest that twenty-seven leaders of the organization were arrested by Idaho National Guardsmen, the day before the time set for a general strike in Washington, Oregon, Montana and Idaho.

The charges against leaders of the organization under arrest, or whose arrest is contemplated, were not made public here.

It was said, at the Department of Justice that these would have to be determined by the grand jury investigating the organization.

QUESTION OF INDICTMENTS.

Officials also declined to state if indictments had been found by grand juries in Chicago or elsewhere against Industrial Workers of the World leaders. It was intimated, however, that the investigation had only begun. Indications are that Federal grand juries in other cities will be called upon also to investigate the activities of the organization.

For many weeks past the activities of Industrial Workers of the World leaders have been under close scrutiny of the department's bureau of investigation. Scores of field workers, chiefly in the West and Middle West, have devoted their undivided attention to alleged attempts on the part of leaders to embarrass the government in the conduct of the war by strikes and other disturbances called in the name of labor.

NOT A LABOR MOVEMENT.

These activities have never been regarded here as a labor movement. They have been held to be political and, in some instances, conducted with a view solely to hinder and hamper the government in exercising its full strength in carrying on the war.

Charges of many complexities have been received by the department in connection with the organization's activities. Recently it was charged that included in the ranks of the Industrial Workers of the World were many Austrians who have been active in stirring up strife intended to hamper American industries, doing work handled by Germans before the United States declared a state of war existing with Germany.

Continued investigation has failed, it is understood, to connect these activities with German money. The department has determined the principal reservoirs of German funds in this country, and it is reported, has not connected them with recent disorders in the West and Southwest.

Local United States attorneys have reported many instances of a suspicious nature in connection with alleged labor troubles, however, and these have been the subject of departmental investigation.

As a result of the country-wide seizure of the organization's papers, the Department of Justice tonight finds itself in possession of documents by the thousand, many of which will be submitted to grand juries as the basis of an investigation to determine whether leaders can be prosecuted.

Prosecutions may be begun under several laws, chiefly the espionage act, covering the utterances of treasonable and seditious statements, and the food control law. Prosecution under the latter law could be conducted in instances where it was shown that attempts were being made, by conspiracy or otherwise, to impede the interstate movements of foodstuffs and other commodities controlled by the government and needed for the successful prosecution of the war.

At Miami, where several thousand copper miners have been on strike for two months under direction of the I.W.W. and the International Union of Mine, Mill and Smelter Workers, agents of the Department of Justice, accompanied by Lieut. Col. George White, who is in command of United States cavalry on strike duty there, and one of his subordinate officers, raided the Industrial Workers of the World headquarters and seized all the records of the organization. No arrests were made, but two officers of the organization were taken to Globe and questioned by the government officials. Federal troops were used in making the raid at Miami. In Denver the government officers seized all the records, correspondence and literature in the Industrial Workers of the World headquarters. No one was arrested.

THE WEATHER ELSEWHERE.
Summer Weather in Central States.
Following Late Fall Temperatures.
(By A. P. Day Wire.)
CHICAGO BUREAU OF THE TIMES, Sept. 5.—Summer weather returned to the Central States again today after several days of late fall temperatures. The wind shifting from the southwest caused the mercury to rise. The mercury mounted to the 85-degree mark, but the humidity was great. While Chicago was sweltering, points in Northern New York State reported the first frost of the season. Damage to vegetables was slight, however. Northern Michigan reported temperatures dangerously near the freezing point.

GERMAN AIR RAIDERS ARE TWICE REPULSED.
(By ATLANTIC CABLE AND A. P.)
LONDON, Sept. 5.—"A hostile raiding party was driven off the fire of rifles and machine guns last night in the vicinity of Armentieres," says today's official statement. "The raiding party was driven off the fire of rifles and machine guns last night in the vicinity of Armentieres," says today's official statement.

WAR MAY BRING SIAM AND CHINA TOGETHER.
(A. P. FOREIGN CORRESPONDENCE.)
PEKING, Aug. 27.—Announcement of Siam's declaration of war against Germany is regarded by Chinese officials, especially those familiar with international politics in the Far East, as a step which may well result in the establishment of diplomatic relations between China and Siam.

GREISHIMER HELD GUILTY.
(By A. P. Day Wire.)
SAN FRANCISCO, Sept. 5.—The State Supreme Court today upheld the conviction of Frederick Greishimer for defrauding Karl Muck, director of the Boston Symphony Orchestra, when the latter was in San Francisco during the Panama-Pacific International Exposition. Greishimer was found guilty of fraudulently representing himself as an agent of "The Fatherland," then published in New York.

FRANCE AND ENGLAND OBTAIN NEW LOANS.
WASHINGTON, Sept. 5.—(By A. P. Day Wire.)—Loans of \$100,000,000 each to Great Britain and France were made by the government today, bringing the total advanced to the Allies up to \$2,254,400,000. Today's loans are the first made this month, and probably will be followed shortly by loans to other powers.

DEMAND GOODS MADE BEFORE THE WAR.
(A. P. FOREIGN CORRESPONDENCE.)
ROME, Aug. 10.—"Was it made before the war?" is the stock question which buyers now invariably ask when making purchases in retail stores. Because of the poor quality of goods manufactured since the beginning of the war, due to the rapid and unskilled workmanship, buyers endeavor to find articles made before the war. Men's socks and shirts made recently neither fit, nor hold their color when washed. Eight-dollar shoes lose their shape within a month and fall apart the first time they are worn.

FRENCH SEIZE BEAN AND POTATO CROPS.
(By ATLANTIC CABLE AND A. P.)
PARIS, Sept. 5.—The Minister of Provisions has announced that, beginning on September 15, he will assume control over the prices of all potatoes and beans grown in France and will determine for each region the prices to be charged for them. All trade prices will be decided by him on the basis of recommendations from departmental committees. The prices established will be revised every two months and no exportation of these vegetables from the department of origin will be permitted except upon certificate.

RED CROSS FOUNDS NEW SERVICE BRANCH.
(By A. P. Day Wire.)
WASHINGTON, Sept. 5.—A hospital supply service under the Red Cross commission in France, with Stanley Field of Chicago, nephew of the late Marshall Field, as director, and an appropriation of \$500,000 for the service and its supplies, was announced today by the Red Cross Council.

BANNER BEARERS ARE SENT TO JAIL.
(By A. P. Day Wire.)
WASHINGTON, Sept. 5.—Eleven of the militants of the National Woman's party arrested yesterday while picketing the President's reviewing stand at the parade of national army men were sentenced today to sixty days in the workhouse. They did not appeal and began serving time.

RATES LOWERED IN ORANGE COUNTY.

(LOCAL CORRESPONDENCE.)
 SANTA ANA, Sept. 5.—The Or-
 ange County Board of Supervisors
 today fixed the county tax rate in-
 side cities at \$1.50, and outside cities
 at \$1.75. Each rate is 25 cents less
 than it was last year. Nearly all
 the school rates of the county are
 less than last year, and several of
 the storm water and drainage dis-
 tricts rates are lowered.

SPECTACULAR FIRE RAGES IN FOREST.

BRUSH IS A BLAZE ON SLOPES OF ELISINORE HILLS.

Deer Hunters are Believed to be
 Responsible for Conflagration
 Which Already has Swept Over
 Several Thousand Acres—New-
 ly-married Men Ask Exemption.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
 RIVERSIDE, Sept. 5.—A spec-
 tacular brush fire is raging this eve-
 ning on the slopes of the Santa Rosa
 Mountains across the lake from El-
 isinore. It started at 10 o'clock this
 morning, presumably from some
 deer hunter's camp fire.

These hills are covered with a
 dense growth of heavy brush and the
 fire, fanned by a stiff breeze, has
 already swept over thousands of
 acres. None of the cultivated
 ranches, however, has yet been en-
 dangered.

More than 100 men, summoned by
 the local forest ranger from Elisi-
 nore and adjoining ranches, are bat-
 tling with the flames, but tonight
 even from Riverside the fire could
 still be seen burning fiercely. It is
 this fire which probably started re-
 ports in Los Angeles that a de-
 structive fire was raging in Riverside
 county grain fields, having been
 started by chemical bombs.

NEWLY-MARRIED CLAIMS.
 Local Exemption Board No. 2 has
 two claims for exemption from draft,
 which it is positive will be refused.

Raymond L. Guthrie of Perris, who
 appeared for examination this morn-
 ing and was accepted, was married to
 Miss Lillian Blagg at the home of
 her parents in Perris, only an hour
 before he reported to the examining
 physicians. He claimed exemption
 on the ground of having a dependent
 wife. John H. McCarver of Wine-
 ville, who was examined yesterday
 and made the same claim for exemp-
 tion, was married only last Friday,
 after his call had been received, to
 Miss Bessie Rowland of Corona.

 SANTA BARBARA, Sept. 5.—

Childhood lovers, but long separated
 by time and distance, Mrs. Lillian
 M. Groh, formerly of Chicago, now
 of Hollywood, and Sanford Fergus-
 son Johnson, former Kansas City
 (Mo.) resident, now living in Pasadena,
 have just been married here by
 the Rev. Charles B. Dalton of
 Grace Methodist Episcopal Church.
 They were lovers in childhood days
 while living as neighbors in Onarga,
 Ill. They had a chance meeting in
 Los Angeles after years of separation,
 the old attachment was revived
 and now Mr. and Mrs. Johnson are
 on route east on a honeymoon trip.
 They will reside in Pasadena on
 their return to the Coast.

Young Man Wins Fame for His Daring and Success.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
 SANTA BARBARA, Sept. 5.—Dis-

patches from London announce the
 forthcoming marriage of Robert L.
 Donze of Santa Barbara and Miss
 Gladys Isabel MacKenzie Penny,
 daughter of a famous Scotch house.
 Mr. Donze is an army aviator.

The news of the engagement came
 as a distinct surprise to his parents,
 Mr. and Mrs. Eugene Donze of this
 city. The family is one of the pio-
 neer families of the city. Donze
 went to France last year to join the
 Lafayette Corps and was later trans-
 ferred to the French aviation serv-
 ice. About two months ago he fell
 with his machine from a height of
 800 feet and was badly injured. He
 has been in a hospital in Paris and
 friends believe his coming mar-
 riage is to be the culmination of a
 hospital romance.

In none of his letters has he given
 any hint of the prospective event.
 He is 32 years old and a graduate of
 the parochial school here. He went
 to France last October from Prov-
 idence, R. I., where he was driving
 a car for Miss Caroline Hazard,
 member of the famous powder-mak-
 ing family and former president of
 Wellesley College. Since going to
 France he has become famous among
 the aviators for his daring and
 success in bringing down enemy
 flying machines.

HUNDRED AND FIFTY DRAFTED MEN OFF TO TRAIN FOR WAR.

San Bernardino were picked up en route. The spirit displayed by the men was splendid. There was not a wry face in the lot. "We know just where we're going, what we are going to do, and we're on our way," was the graphic manner in which they described their own sentiments. In spite of the fact that the men were not in uniform and that the pomp and circumstance of war was lacking, the draft made a very impressive appearance. The men were prompt to obey the orders of their respective captains and lined up in regular soldier style for roll call after having their supper paid for in government script at the railway lunch counter. They averaged 60 cents worth apiece. The men from Imperial were given a special train.

DR. DAHNE ALLEGES HIS MARRIAGE WAS ILLEGAL

THE domestic troubles of Dr. Eugene Dahne, Brazilian commissioner of the Panama California Exposition, and his wife, Louise Dahne, again have been brought into court by actions in which both parties ask for an annulment of their marriage. Mrs. Dahne, sued for divorce a year ago and after the case had been taken to the Supreme Court it was dismissed upon request of her attorney. She has now filed a complaint asking annulment of the marriage bond. In a cross complaint filed yesterday in the San Diego Superior Court by W. Jefferson Davis, attorney for Dr. Dahne, sensational charges regarding the alleged marriage are made. Dr. Dahne alleges that he already had a wife, Anna Amalia d'Abreu Dahne, when he married Miss Louise Berger. He married the first woman, he says, in 1881 in Marquand, Rio Grande do Sul, Brazil. He alleges that at the time of his marriage to Miss Berger in 1906 he believed his first wife, who, he says, died in 1904, was dead. He alleges, however, that Louise Berger knew that the first wife was living. He says, also, that she knew that under the laws of Brazil, he could not get a divorce, visited his apartment in St. Louis where he was Brazilian commissioner to the World's Fair and later traveled about the country with him. Afterwards, he says, he was informed his wife had died and he married Miss Berger. The doctor asks that the Point Loma property valued at \$10,000 and which he deeded over to Louise Berger Dahne before he returned to Brazil in 1916, be deeded back to him. This property he says he gave her in order that they might sell it. He alleges she got it through fraud as she intended to secure a divorce and to keep it. Recently the court ruled that since Dr. Dahne had deeded the property to her, it is hers. Mrs. Dahne is now occupying the home and using the automobile which Dr. Dahne also made an effort to retain. A year ago when Mrs. Dahne sued for divorce, Dr. Dahne alleged in court that when he returned from Brazil, he was not permitted to enter his own home and that Mrs. Dahne had kept many papers belonging to the Brazilian exhibit, as well as his personal effects. There was a personal encounter between Dr. Dahne and Jerry Rogers, a young man said to have been engaged to guard Mrs. Dahne's home.

"BILLY" SUNDAY THROWS DOWN THE GAUNTLET TO DEMON RUM.

"BILLY" SUNDAY, before an assemblage of probably 14,000 people, last night sounded his first definite challenge business for twenty-one years," he cried. "I put my fist under the nose of that dirty, stinking, rotten gang ofimps of hell in New York, and I'll do the same in Los Angeles. It's a fight to the finish, and I'm ready for the scrap." This declaration was greeted by applause and cheering that could have been heard far away. It spurred "Billy" on to further exclamations of the liquor business. "I've as much respect for the saloon-keeper, however," cried the evangelist, "as I have for the man who rents his property for the use of the saloon. "Becher said that some men have a menagerie in them—a lion, a bear and a wolf. I tell you, he ought to have added a hog to that collection." (Continued on Second Page.)

Story of Jacob.

thousand trained singers were in the choir section. They lifted along with the militant chorus, but the great mass of people, however, were simply submerged by the music, and with spirited melody, and appeared loath to cut it off at two verses.

The choir last night had an opportunity to show its special training. In the preliminary song service, there were several selections that required singing by divisions, or by the massed tenors and sopranos; and then, just before the sermon, there was a most effective solo by George Brewster, "Tell Me the Story of Jesus," with the piano accompaniment, and the accompaniment being the humbling of 2000 men, and women.

Then came the short invocation by Dr. W. S. Dyer, pastor of the First English Lutheran Church, a short talk by Mr. Sunday about the campaign for saving materials for the benefit of the Red Cross, a taking of the collection, which is a marvelously speedy event, and then "Billy" earnestly plunged into his discourse.

Not two minutes elapsed before he was tearing off his coat. It was tossed to some one back of the platform, and Billy was off with a thrilling description of the place the Jew has taken in the big events of the world. His subject was "Jacob." "Power with God and with men, and he has prevailed." (Genesis 35:29) was the text.

JACOB'S "SHELL GAME." The deceit of Jacob was set forth in most dramatic manner. Mr. Sunday acted out the story of Jacob and his efforts to appease Esau, every one of his strides and poses seemed to make the picture more vivid. This he applied the lesson to the church today.

"How many of us are trying to work a shell game on the Lord today," he cried out. "A lot of you think that if you stick a stained glass window in some church you will come from punishment for your sins. You can't put it over on God."

As usual, his ending was abrupt. Right in the midst of a plea for more love and charity, he paused to wave his dripping handkerchief and mop his brow, and then yelled out "Good night!" and sprang from the platform.

Following is the evening sermon: JACOB.

In Genesis, the thirty-second chapter, the twenty-eighth verse, "Power with God and with men, and he has prevailed." It is not necessary for me to consume my strength and your time to give you the story in detail. For there is no character in all history with whom the average man or woman is more familiar than Jacob. Someone has named him the Peter of the Old Testament; and the history of Jacob is largely the history of the Jewish nation in epitome; and I think that the existence and the history of the Jewish nation is one of the stupendous monuments of the inspiration of the Bible.

The seed of Abraham is the miracle of history. It makes my blood boil to hear a man speak of the Jew as a sheath or a Christ-killer. If ever you walk the streets of glory and are kept out of hell it will be because of your repentance and faith in the shed blood of a Jew, for humbly speaking, Jesus Christ came from the Jewish nation. And Mirabeau in the French Assembly, Patrick Henry in the House of Burgesses, and Samuel Adams in Independence Hall, and Daniel Webster in the United States Senate, never uttered anything more eloquent than the response to the common people made by Jesus, when they taunted and sneered at him for being a Jew.

He said, "I am a Jew, and when your ancestors were naked savages wandering through the forests, mine were clothed in the robes of the temple of God." And a Jew is just as distinctively a Jew today as he was 4800 years ago. All other nations have lost their nationality by marrying and intermarrying and assimilating, but not the Jew.

JEW EVERYWHERE. Some of the shrewdest financiers of the world are Jews. You pay tribute to the Jew for the suit you have on, and the dress you wear; for they control the tailoring and the custom-made business of the United States. There is not a Cabinet in Europe that hasn't had Jews in its membership. It was really the banking house of Kuhn-Loeb & Co. of New York that refused to loan Japan the money to prosecute the war that really hastened peace.

If you visit a poorhouse you will find a single Jew father or mother living off the country. You won't find a Jew among the hobos or weary Willies handpanning for a hand-out. A Jew organizes the New York pure milk supply—my friend Nathan Strauss.

It was a Jew that gave the money that sent Columbus on his voyage of discovery. Isabelle had to hook her jewels and they were hooked to a Jew. And the map Columbus used was drawn by a Jew. One of his officers was a Jew, and his doctor and interpreter were Jews. And the interpreter was the first one to land upon the new soil. Three of George Washington's staff were Jews. Col. Frederick North was a Jew, and gave George Washington \$655,000 to prosecute the Revolutionary War; to help make possible our American independence. And the Jews have been living in every land, but they have selected America as their home. In 1492 the British government, which had the whole control of this country, gave them the right to make this, my friends, their home, and for 200 years they had been without a home, without a country, without a flag. And when 20,000,000 boys and girls in the public schools of America rise and salute and pledge allegiance to the Stars and Stripes, \$655,000 of the patriots are Jews. And it is the only nation that God selected through which to reveal himself to the world, and they have outlived the Tudors, the Stuarts, and the

do. You can't put it over on the Lord. How many people pray in real sincerity? They seem to dress up for the occasion like some grocer who puts the handkerchief on the top of the barrel and the worm-eaten windfalls in the bottom. How many people pray for humility, when it is pride that they want? Multitudes of people go to church Sunday morning, and they will shut their eyes and duck, and they will say: "Thy kingdom come, Thy will be done, and I think that if you wanted God's kingdom to come, then you'd work hard to remove from the earth everything that prevents it. If you wanted God's kingdom to come, then you'd work hard to remove from the earth everything that is preventing God's kingdom from coming."

DOWN ON BOOZE. No man can pray "Thy kingdom come," and then walk up and vote for the dirty, stinking saloon. He can't do it. You can't pray "Thy kingdom come," and keep booze on your sideboard. You can't pray "Thy kingdom come," and keep somebody on the side and disgrace your wife and your children and your family name. No! No! No! Some one says: "Can a Christian go into a saloon and take a drink?" Not on your tinny. A Christian walks with Jesus, and when you cross the threshold of a booze joint before I was born, he enlisted in Co. E, Twenty-third Iowa, in August, 1914. I was born the 19th of the following November. He never looked into his face. He never came home. I fought my way through life since I was

Plantagenets. They have outlived the Romanoffs of Russia; they have outlived the tyrants of Spain; they have outlived the dynasties of France; the glory of Charlemagne; or the name of Jesus Caesar; or the conquering power of Alexander the Great; and the Babylonian kings in Egypt; and the Pharaohs. All have passed away. So I have come to call you, sirs, back to your God.

GENTILES WERE HEATHEN. There were three classes of Jews. First, those who believed in God, but didn't believe in the resurrection or anything of a spiritual nature. They were not looking for a Messiah. Second, another class of Jews that believed in God, believed in the resurrection, and were looking for a Messiah, and when He came and rebuked them, they told them they were four-dushers—gave them the hot end of the poker and rebuked them. Third, there was a third class that believed in God, believed in Christ, and accepted Christ as their Savior.

We Gentiles were heathen. We had no religion and you preached your God to us. You preached your Christ to us. We believed in your God and in your Christ and in your prophets. So I come to call you back to your own God. So we were heathen—Gentiles. You Jews had the only true God and the only true religion, so we accepted it and went further than you and accepted your Christ, too. We preach him on earth. Now, there is much in the life of Jacob that appeals to things in your life. He deceived his father. He cheated his brother.

I presume there are few of you here tonight who have not in your home some mementos of faces that have long since turned to dust; things that remind you of voices that have been forever hushed. He robbed his brother and deceived his father. He was compelled to flee from his south, and now he is returning to the scenes of his youth. He commits an act of cowardice in order to save himself from the wrath of his brother Esau. He heard that Esau was coming to meet him with 400 men, and Jacob remembered the fact that he had worked a shell game on Esau. He put one over on him.

CANNOT FOOL GOD. Now wait a minute. And so when Jacob heard of it he got cold feet. He said, "I will appease him with a present." Oh, we have got a lot of fools trying to work the same game on God today. They think that they can put a few stained glass windows in a church and give a little money for an endowment fund to put a pipe organ up in the corner and that they can pull the wool over and put one over on God and he will see them through on the day of judgment. Oh, no, nothing doing! GOD NOT DECEIVED.

Now Jacob was afraid of the sin that he had committed twenty years ago when he robbed Esau of his birthright. And the mother of these boys, as she was a chump. She played favorites. Now the motive that prompted his prayer was selfish. And even at that God Almighty heard him and blessed him. Oh, there are lots of people that praise God in their distress. Then they will forget him in their prosperity. Oh, when you think the undertaker's coming in to pump you full of emeralds, deliver me from my spirit of deception. "Lord, deliver me from the tempting disposition that I possess." God will come as a nurse—kind, gentle, tender, sympathetic, with the opiates and the paralytics—and if you don't listen to him then, he will come as a surgeon. He will drive his scalpel and pry into the very putrefying abscesses that are boring their way toward your vitals.

God's doing his best to keep you out of hell. You'd better listen to the Lord and give him a chance. God's your friend. He wants to do you good. If God would have his

God may have to take some of you women and shake a shroud over you. He may have to back a hearse up in front of your house before you will ever pray. He will do it if he has to. He will show you how weak you are and how helpless you are. Then you are good enough. If you think that, let the Lord alone. But there is nothing in heaven too good for you if you realize your unworthiness, and if you will come in God's appointed way the Lord will give it to you and be glad to.

GOD'S APPOINTED WAY. I tell you it's a wonder God is doing as well as he is with the bunch he has got to work with in the world. One night in a mission eleven people went to the front. They had nice pretty things to say to God. They kind of tried to stall the Lord off. They seemed to tell the Lord how glad he ought to consider himself and how highly complimented to think that they condescended to go to such a place, or if after they arrived there was anything that they could do to improve their condition. But one of them was a poor, wayward, wandering, wretched girl, selling her virtue in the red-light district, without a semblance of decency, and she said, "O God, save me for Jesus sake."

Another was a poor, hopeless, staggering drunkard, and in his despair he cried, "O Lord, if you ever saved a helpless drunkard, save me for Jesus sake." Only two were saved. Only two of them told God that they were. God has nothing for you if you think you are good enough. If you think that, let the Lord alone. Life's Gentler Side—Society, Music, Song and the Dance—At the Play-houses.

Engagement is announced.

Miss Mary Louise Seecombe, whose engagement to Joseph W. Vickers is announced as one of the interesting betrothals of the month.

Respect.
EMPLOYEES AND FRIENDS JOIN GRIEF
at Graveside of Dead
Superintendent.

As a tribute to the memory of
George W. Gibson, former superin-
tendent of employees for the Los
Angeles Gas and Electric Corpora-
tion, the works were closed down
for a period during the conducting
of his funeral yesterday afternoon.

JUST AT MEAL TIMES.
"What did your husband do while
you were living together?" Judge
Hewitt asked Mrs. Mary M. Degan,
who was asking for a divorce yester-
day. "He didn't do anything except
to show up at meal times," was her
reply. She said she met Al Degan,
an oil worker, in Taft, in 1914. The
courtship was brief. Nine days after
the marriage Mr. Degan left home
and Mrs. Degan said she had not
heard from him since. The decree
was granted.

PEN POINT

BY THE STAFF.

This appears to be the first day.

To the boys going to Lake: Au revoir, but not to the boys who are still wondering what will be.

The "Siamese" mission will be made up of the best of the boys.

Nobody has so far named a "pacifist," but the war is comparatively.

Those German interned have been "converted," but the Billy Sunday fashion.

Billy Sunday says he will be the first out of Los Angeles.

An advance in the price of the watermelon is the only one.

What has become of the woman who used to be a watermelon picker?

It looks now as if the watermelon pickers will be the only ones to get out of the Senate.

And then the watermelon pickers will be the only ones to get out of the Senate.

Fashion note: In case the shirt is a bit soiled, a red and yellow suspender is a lot. Nobody seems to be a shirt.

It is proposed to send a Jew to Palestine to see how it is.

A dispatch from the Ambassador in Berlin says that the Japanese are not so friendly.

President Wilson is not so friendly to the creation of a joint committee on the conduct of the war.

Robert Marion La Follette will fight for the repeal of the draft law as long as he is in the United States Senate.

Clarence Darrow, the lawyer, is not so friendly to the "every pacifist" in Berlin.

There is at least one kind of food the price of which is not so high as the top figure.

How would this do for a ticket in 1920? For President, Vice-President, John Dewey, and the Los Angeles, California, and the Kaiser's son.

The fish in the Atlantic have become tired of the swarms of sharks.

We beg to announce that the district board of medical students will be inaugurated.

Why do the handmaids take advantage of the moment when the Federal Building is closed?

It was a great time during the rebellion and belongs to a marching band.

American troops have been taken in the streets of Los Angeles.

DRAFT MEN HONORED.

Long Beach Marks Departure of its First Nine with a Parade and Exercises.

A parade and patriotic exercises honored the first nine drafted men to leave Long Beach for American Lake yesterday. Chief of Police C. C. Cole was marshal of the procession, which included mounted policemen, Co. M, Seventh Regiment, from

Riverside; city officials, members of the exemption board and veterans. Stephen G. Long, secretary of the Long Beach exemption board, was introduced by E. E. Tischer, Commissioner of Public Affairs, and after complimenting the men, turned them over to Mayor Lisenby, who pinned on each a siltan flag, while the Municipal Band played.

Rev. Henry K. Booth, in his address, said he always had been opposed to war, but at this time, a resort to arms seemed justified to win justice.

Off to School

School days are almost here again—and that means togger time for boys.

Our boys' department fairly buzzes with the buying activity of wise mothers who long ago learned that H. and F. values for boys know no peer in the city.

So much thought and careful buying are bestowed upon this section that it's not at all surprising that it is the biggest department of its kind in the city.

A diversity of selection and a rightness of price leave nothing to be desired—from cap to shoes, from underwear to ties.

Here are Typical Examples of H. and F. Value Giving

Corduroy Knicker Pants.....\$1 to \$3.50

Smart Blouses.....65c to \$3

Double Seat & Knee Knicker Suits \$5 to \$10

He pointed out that the time spent

BILLY SUNDAY'S HOT GROUNDERS.

It would drive a man to drink to look at some of the folks that
are in the churches. Surely the Lord must have a hard time with
a lot of 'em.

We've got more half-brained, idiotic, befuddled ideas and
tommyrot about God and the Holy Spirit these days than ever be-
fore in the world. After all, the thing is simple: Believe and re-
ceive.

Geel Christians, no gift can be received if you're not in the
right spirit to receive it. You can pray till you're black in the
face, and it won't do you any good if you don't give up sin.

Never dip your colors to the devil, but nail 'em to the mast
and then defy hell. There are a whole lot of people who make
prayers and never expect them to be answered. If they were

answered, they'd fall over with astonishment.
I don't want any of this shaking hands with two fingers—none
of that dowsy kind of shaking. When I see a woman shaking hands
that way I wonder if she's got a bolt under her arm. I like the
old-fashioned, good old poke-handle fashion; it has some heart
in it.

It wasn't lawful for anybody but the high priest to touch the
show-bread, but David had been chased over the mountains, he
came along hungry, grabbed up that bread and chewed a hunk of
it, and God didn't strike him dead. And why? Because David's
ceremony was bigger than a priest's. That's the kind of a Lord
you're got. God is no three-carat proposition.

We've got so many heads of committees and leaders in the
church who don't know Jesus Christ. They are the devil's billy
goats and not God's sheep.

Graphic.

JACOB'S WAS A "SHELL GAME," SAYS EVANGELIST.

(Continued from Second Page.)

position of janitor. To my surprise
and delight they gave it to me. I
had to get up at 5 o'clock in the
winter to build the fire. They used
to heat the building with stoves.
And so one day I got a check for my
salary from the secretary of the
school board—\$25. Nobody called
me a grafter then. I went down
and showed the check in the bank
window, and a fellow stood there
ahead of me, and the cashier gave
him his money and handed me the
money, and I walked out on the
sidewalk and counted it. He gave
me \$10 and my check only called
for \$25.

I called on a friend of mine who
was a lawyer in Kansas City, and
told him. I said: "Frank, what do
you think of this? King handed me
\$40 and my check only called for
\$25." He said: "Bill, if I had your
luck I would buy a lottery ticket."
But I said: "The \$15 isn't mine."
He said: "That's a chump. If you
were shy \$10 and you went back
you would not get it, and if they
hand you \$15 don't be a fool, keep
it." He said: "You'll have enough
to buy a suit of clothes and still
didn't do that."

I can see that old suit yet. It was
kind of brown, like sage. And years
later I got down to pray, and the
Lord seemed to touch me on the
shoulder. I said: "Lord, the bank
don't know I've got the mon-
ey." The Lord said: "I know you
have got it, dig up." You know what
I did? I strolled around for years
before I'd be decent and pay back
the paltry \$15.

MUST "COME THROUGH."
One day down in Terre Haute,
Ind., at the Terre Haute House, I
got down on my knees and said:
"Lord, I don't seem to have any
hope. Every time I see a man I can
see that \$15 and interest." I sent back
my check, and everything I could
right. I kept thinking that I
would pay any man or woman's sal-
ary and expenses if you can find any-
thing in my life during the time I
back-slipped. I said: "What if I
come up to what I preach, and I
will leave the platform."
He confessed his sin. He said:
"What is your name?"
He said: "My name is Jacob."
When God named the Children of
Israel in those days the name stood
for something. Now we name them
because it sounds pretty. What is
your name? Jacob? That means
supplanter. What is your name?
I don't mean the name on your
doorplate. What is your name?
I don't mean the one the people call
you by. I don't mean that. Not the
one in which you got an automobile
license; not the one with which you
pay your income tax, or your county
or your city tax; not the one on
your marriage certificate.

What is your name? Not the one
in the telephone directory. What is
your name? I mean the one that
God knows you by. Somebody said:
"Good morning," God said: "You
washed-eyed, hatchet-faced, inter-
necious neighborhood gossip. You
can start more factions and feuds
and stir up more trouble."
What is your name? "Good morn-
ing," God says. "You old bore-
some, keeping somebody on the
side." "What is your name?"
He said: "It is Jacob. I am a schemer;
I am a supplanter." God says:
"I won't call you Jacob any more. I'll
give you a new name. I'll call you
Israel. As a prince thou hast power
with God and with men."

Now, I will tell you what I want
to do. I want to ask and answer
briefly two questions that I think lay
at the foundation of a successful
awakening in an individual, or a
community, or a nation. First, what
will give you power with God? Sec-
ond, what will give you power with
men?

POWER WITH GOD.
My text said, "As a prince thou
hast power with God and with
men." First, what will give you
power with God? Second, what will
give you power with men? First, I
will tell you what will give you pow-
er. God will not hear you because
you are rich; neither will he re-
spond to you because you are poor.
God won't hear you because you are
wise or because you are simple;
whether you are rich or whether you
are poor, whether you are wise or
whether you are simple, if you will
come in the faith and name of Jesus
Christ, God will hear the prayer of
one as quickly as he will another.
God plays no favorites. God will
hear the prayer of a poor man as
quickly as he will a millionaire in
his mansion.

Commodore Vanderbilt when he
died said, "Send for the gardener.
He knows how to pray." God hears
the prayer of one as quickly as he will
another. At the close of a great
campaign in Europe—the battle of
Waterloo—the Duke of Wellington,
the conqueror of Napoleon, returned
to London and went into the Episco-
pal Church to attend a special con-
secration service of thanksgiving.

to make drunkards sober, to make
libertines pure, to make blasphem-
ers pray, and Sabbath desecrators
worship. I am working for the
good of my nation and of my
land, and for you.

We lead the world in crime. There
is a murder every hour of the day
and night in our land. We have
averaged ten to fifteen thousand a
year for the past seventeen years.
In Germany there are five murders
for every million of the population;
in England sixteen; in Canada twelve;
in Italy fourteen; in France sixteen;
in Belgium seventeen; in the
United States of America eighty-
two.

What is the cause of all this
crime? Now, wait a minute! Oh,
my socialist friends! He comes in
and he says, "Bill, why it's on
account of the increase of poverty
among the working people, and pov-
erty produces crime. That's the
reason." I have no disposition to
quarrel with my socialist friend,
although I am a Socialist.

CRIME MAKES POVERTY.
Now, I will admit, my friends, I
will admit this much too, that pov-
erty produces crime. But let me
tell you, you are forced to admit that crime
produces poverty. And if you do
away with what produces crime, you
will reduce crime to a minimum,
and three-fourths of all the crime
committed in this country is com-
mitted by men while under the in-
fluence of liquor. There is the
worst enemy to humankind. When
you drive the drunkard from the
country you will see the greatest re-
vival of prosperity the world has
ever recorded, and you will see
poverty reduced to a minimum.

Therefore, get rid of what causes
crime and you will get rid of what
causes poverty.
You purify the hearts of men and
women, and there will be no crime,
and there will be no sin. It is be-
cause their hearts are black that
their deeds are black, and the mis-
sion of the church is to reach the
heart of the individual with the gos-
pel. Therefore, self-preservation
demands heretic action.

CONVERT CHURCH FIRST.
I would rather have twelve men
or women who will give up every-
thing for God than to have hun-
dreds of people simply content with
church membership.
A bank likes to honor a check for
its full face value. If you'd give me
a check on one of these banks and
I'd go down and they'd say: "We'll
have to discount it 40 per cent." I'd
say the bank is insolvent. The value
of a check doesn't depend on the pa-
per, but the names that are on it.
I can give you a check on one of
these banks and you couldn't cash
it without a postage stamp with it or
get shaved.
Why? My name isn't any good. I
have no money on deposit. There
are men in this city who can write
their checks on the banks for thou-
sands and the cashier wouldn't look
at the signature. He'd give you
the money. Why? Their names are
worth it. Mine isn't worth a
copper at any bank here.

NIGGER IN WOODPILE.
Now Jacob never would have
thought of that if his master hadn't
put the fool thing in his head. So
he went out and killed a kid and
hid the body. The old man drank
in the aroma and he said, "Come
hither, my son. Where did you get
it so quickly?" The Lord sent it
to me. Nothing to do with it! The
old man reached out—and they
wrapped the skin of the kid around
his body and touched him. Esau
was a hairy man.

So Jacob fled and went down to
Egypt. He said, "I will die, but I
will be buried with my fathers." So
he buried him with his fathers.
So Jacob fled and went down to
Egypt.

years. He was pining for the sight
of the old home. So he started to go
back, but he heard that Esau was
coming out to meet him. He was
worried about it. So he said, "I
will appease him with a present."
So he went to work and he took his

one fellow charge over one flock
another charge over this one and that
one. "Now," he said, "When you go

and he asks you, 'Where are these?'
'Whither goest thou?' say, 'A pres-

behind.' Don't forget, though, add

that. "Thy servant Jacob is be-

of the river. Here they go down
to the road. Here is the fellow driv-

hup, hup." Here comes a great
big, broad-shouldered, deep-chested,
big-muscled, stalwart fellow walking
along, and he says, "Hail! Whither
goest thou, and whose are these be-

my lord Esau. Behold thy servant
Jacob is behind." He said, "Jacob
is behind." He said, "Jacob is be-

Amazing Situation Disclosed
in Property Action.

In restoring her rights as the wife of Thomas Wilcox, Judge Taft yesterday wrote into the records of Department Seven the strange story of Mrs. Carrie Broberg-Lehman-Wilcox. The matter came before Judge Taft in the settlement of the final account of Thomas Wilcox, who died while visiting Canada in 1914.

The first husband of Mrs. Wilcox was Albert Broberg, who married her in 1897. They lived together a few days. After he left her she never heard from him again. In 1907 she married Dr. Lehman. He being that Mr. Broberg was dead, Dr. Lehman was 70 years old; she was about 25. Dr. Lehman died and Mrs. Lehman married Mr. Wilcox, June 29, 1910.

Before Mr. Wilcox went to Canada he brought suit to annul his marriage on the ground that Mr. Broberg was alive and undivorced from her. The annulment decree was granted by Judge Monroe. An appeal was taken to the Supreme Court, and while it was pending Mr. Wilcox died. Judge Monroe had decided that Mr. Broberg was not dead, consequently she was not the wife of Mr. Wilcox.

The Supreme Court early in January decided that her marriage to Mr. Wilcox was valid, because it had not been shown that Mr. Broberg was alive or that he had divorced his wife. Charles T. Wilcox, a son of Mr. Wilcox by a former marriage, as administrator of his father's estate, the bulk of which was in Canada, presented his final account. He claimed that he had expended more money than he had received from the California estate. Mrs. Wilcox had already been granted by another court an allowance of \$100 a month from the estate. This, however, had not been paid. Judge Taft found that there was about \$270 in the hands of the administrator and ordered that this amount be paid to Mrs. Wilcox. He reduced the family allowance from \$100 to \$50 a month.

During the hearing Edgar E. Brown, attorney for the son, stated that he had an affidavit from Mr. Broberg which declared in emphatic language that he was alive. The court, however, would not permit the introduction of the affidavit, as the Supreme Court had decided that Mr. Broberg was legally dead.

SUPERVISORS ARE UPHELD BY COURT.

Declaring that even if it were true that a proposed new road in Riverside county was only for the convenience of a clay manufacturing company, the law had been followed by the Board of Supervisors, an opinion was handed down yesterday by the District Court of Appeal in the case of the county of Riverside against the Alberhill Coal and Clay Company and the Los Angeles Pressed Brick Company. The last-named corporation appealed from the judgment of Judge F. E. Denmore for making what was considered an insufficient allowance in the way of damages. The judgment of the lower court was affirmed.

**SUGGESTS INSPECTORS REPORT
TO BUILDING DEPARTMENT.**

Mechanical Engineers may be Included in Bureau of Standards Despite Loud Protests from Interested Parties—Council Promises to Back Chief Executive.

In keeping with the policy he outlined several months ago, Mayor Woodman yesterday held a conference with the Council to decide upon a plan for promoting efficiency in the mechanical engineering department. An investigation developed the fact that boiler and elevator inspectors now working under the jurisdiction of the mechanical engineers are reporting to no one and it was stated are doing business in their own way.

It was suggested that these inspectors be placed under the direction of the building department and then a check can be kept upon them. The council agreed that the mechanical engineering board should be included in the proposed bureau of standards. That there will be objection to this is anticipated, but the Mayor declared he will not relent in his fight for efficiency, and members of the Council said they will fight with him.

Chief's Request Denied.
The request made by Chief Butler that a position of an additional woman probation officer be created was denied yesterday by the Council. Chairman Mallard of the Finance Committee said if the request were granted it would soon be followed by another for money.

Time Set for Hearing.
The Council yesterday set October 9 at 10 a. m. as the time for hearing protests against the confirmation of assessments for the ornamental lighting of North Broadway from California street to First street and from First street to Tenth street.

To Print Copies of Budget.
Three hundred copies of the budget for the present fiscal year are to be printed in pamphlet form. The Council yesterday appropriated \$171 to pay the printing bill. It seemed to be a useless expenditure of money, said Councilman Mallard, but he voted for the appropriation.

At Santa Monica.

NURSES ASK PAY FROM HOSPITAL.

EXPECTED PART REMUNERATION IN TRAINING.

This They Allege They did not Get, so They Sue for Additional Wages—Claim Total Twenty-five Hundred Dollars. General Denial by Defendants.

Suit was filed yesterday against Catherine T. Lowery, Anna C. Taucher and Helen M. Vallant, proprietors of St. Catherine's Hospital, Santa Monica, for services rendered by four nurses. The young women alleged that when they entered the hospital representations were made to them by which they were led to believe that they would be received in a public hospital. These representations, they say, are false.

Alta Myers brings the suit as assignee of three other nurses, Alvina Homfeld, Helen C. Hill and Mrs. Marjorie Stoker. She alleges that May 5, 1916, when she entered the training school, the defendants represented that the hospital was a training school for nurses; that it was an accredited training school and that it had met the requirements of the State Board of Health.

Myers says that during that time, she was employed in caring for patients ten hours a day. A large part of the time she was employed at night.

July 5 last, she says, she learned that the hospital was not a training school for nurses. She alleges that she did not receive training and instruction that would qualify her to take an examination; that no records were kept at the hospital showing the qualifications of the nurses in training.

Similar allegations are made by the other three nurses, their total claims for services aggregating \$2525. Miss Myers asks for \$1900; Miss Homfeld, \$485; Miss Hill, \$855, and Mrs. Stoker, \$285.

A general denial of the charges is made by the hospital officials.

WANTS NEW NAME.

Joseph Edward Kedrowski says this name doesn't sound American in any manner, and as he's a full-blooded son of Uncle Sam from the ground up, he wants a name people won't have to ask twice to "get." A petition filed by Kedrowski in the Superior Court yesterday asks that the name be changed to Joseph E. Smith for business, social and "American" reasons.

To date Mary A. Saniger-Nicholson has been cheated of marital happiness. She married Joseph E. Saniger, but another woman crossed his path and without waiting for a legal separation he eloped to Santa Ana and married the other woman. He was arrested and sentenced to ten years in San Quentin for bigamy.

Mrs. Saniger believed that her first marriage was a love affair and there was to be a second marriage, but Mr. Nicholson died before the divorce suit was tried. In Judge Avery's court yesterday, Mrs. Saniger was granted a decree from husband No. One.

CASE CONTINUED.
Henry Uytendhove, charged with stealing his own children, was arraigned in Superior Judge Villa's court yesterday but no hearing was given because of a demurrer to the complaint being filed. The case was postponed until Friday morning when arguments will be heard.

V. GELCICH'S UNLUCKY DAY.

Grand Jury Flays, Indicts
Him; Lawyer Quits.

His Charges Against Woolwine
are Branded False.

Counsel, Withdrawing, Says
He Thinks So, Too.

Charging in two counts that Vincent G. Gelcich, manager for Dist. Atty. Woolwine during the last campaign, issued two checks without having sufficient funds to cover them, the grand jury yesterday returned an indictment against Gelcich. A partial report completely exonerating Mr. Woolwine of Gelcich's charges and branding them utterly false was also returned by the grand jury to Presiding Judge Craig. Gelcich recently made statements detrimental to the character of Mr. Woolwine in a suit for \$895 damages, alleged to have been due Gelcich as balance on salary while acting as Mr. Woolwine's campaign manager.

Griffith Jones, attorney for Mr. Gelcich in the damage suit, yesterday withdrew his services in the case and in a recently made statement that he had become convinced that Mr. Gelcich had perjured himself in the complaint filed against Mr. Woolwine.

The grand jury and investigating committee are still interested in the case and will probably report on it further. Gelcich is at present an investigator for the City Attorney.

In its partial report to Judge Craig yesterday, the grand jury said:

"That on August 31, 1917, an action was brought in the above entitled court by Vincent G. Gelcich against Thomas Lee Woolwine, which contained an allegation, in substance, as follows:

"That the said Woolwine was indebted to the said Gelcich in the sum of \$895 for services rendered to the said Woolwine in his last campaign for the office of District Attorney of Los Angeles County. Said complaint also contained other matters which do not appear to have any bearing on Mr. Gelcich's alleged claim, but did have a tendency to reflect injuriously upon the integrity and official conduct of the District Attorney."

"Upon the request of Mr. Woolwine and on account of the serious nature of such allegations, the grand jury made a thorough and complete investigation of all such matters so alleged in said complaint, and found them to be wholly and absolutely false and untrue and without any foundation in fact whatsoever."

"Respectfully submitted,"

"MERRITT W. LUDDEN,
"WILLIAM R. ROWLAND,

BY ATTORNEY JONES.
Mr. Jones's notice of withdrawal as Gelcich's counsel follows:

"In the interest of justice and so that a great wrong may be righted, I desire to state that my attorney, Vincent G. Gelcich, both in his civil suit against Thomas Lee Wool-

wine for \$895; also in the defense of his criminal suit, I have withdrawn. I have withdrawn as attorney because Gelcich himself has stated that all the allegations which he made in the complaint are absolutely false, and also the allegations made in two affidavits.

"I am myself now convinced that Gelcich perjured himself in the complaint and when he made these affidavits in the presence of a notary public upon which the complaint was based."

An action was brought in the United States District Court yesterday by West-Zuckerman Company against the Atchison, Topeka and Santa Fe Railroad to recover \$19,550.25, alleged to be due by reason of alleged overcharges on shipments of onions and potatoes from San Francisco, Stockton and other northern points to the A. W. Lunsford Company at San Diego. It is alleged that it was necessary for the San Diego firm to pay the freight bills, declared to be in excess of \$2.50 a ton, the price agreed upon, in order to get the shipments. Later the A. W. Lunsford Company assigned the claim to the complainants in this case.

IN QUANDARY OVER THE ZOO.

City's Meat-eating Animals Can
Neither be Turned Loose
Nor Sold.

The city's zoo in Griffith Park presents a situation similar to that of the man who had a bull by the tail and could not let go. There are scores of meat-eating animals in the zoo and the city wants to get rid of them, but can not turn them loose; neither can it sell them.

Several months ago the purchasing agent was instructed to advertise the lions, leopards, tigers, etc., for sale. He did so and reported yesterday that no one would make an offer. As a result the Council authorized him to sell the animals individually, the sales to be approved by the Park Commission.

The reason for wishing to dispose of the animals is that they can not be properly cared for in the park. Many have died recently and others are more or less sick all the time.

An action was brought in the United States District Court yesterday by West-Zuckerman Company against the Atchison, Topeka and Santa Fe Railroad to recover \$19,550.25, alleged to be due by reason of alleged overcharges on shipments of onions and potatoes from San Francisco, Stockton and other northern points to the A. W. Lunsford Company at San Diego. It is alleged that it was necessary for the San Diego firm to pay the freight bills, declared to be in excess of \$2.50 a ton, the price agreed upon, in order to get the shipments. Later the A. W. Lunsford Company assigned the claim to the complainants in this case.

On the stand Green made a flat denial of all the charges. He declared he saw the fire, but was half a mile away when it started.

Rev. William Green of Venice, retired minister, was found guilty late yesterday afternoon of second degree arson by a jury in Superior Judge Houser's court. He will be called for sentence Saturday morning. The jury deliberated only a short time.

The principal allegation was that Mr. Green set fire to the residence of Attorney Kenton Miller, at No. 1302 Gramercy place, June 13 last. Mr. Miller represented Green's step-daughter in a suit against the minister.

Robert Merz, a night watchman, testified that he saw Mr. Green emerging from the house with a lighted match in his hand and that a few minutes later a kerosene bomb exploded, causing the fire.

On the stand Green made a flat denial of all the charges. He declared he saw the fire, but was half a mile away when it started.

"I am myself now convinced that Gelcich perjured himself in the complaint and when he made these affidavits in the presence of a notary public upon which the complaint was based."
